

Creating a Chatbot with Zapier

Project Submission

Name: Jason Teixeira

Sprint: AI Tools and Prompt Engineering

Live chatbot: <https://triple-peaks-hotel-assistant-9fe415.zapier.app/>

Access: Anyone with the link can view.

1. Chatbot scenario chosen

I built the Hotel Assistant scenario: a chatbot named Triple Peaks Hotel Assistant that answers common guest questions - check-in/check-out times, Wi-Fi, parking, amenities, booking changes, and pet policy - using the provided Triple Peaks Hotel Knowledge Base PDF as its sole knowledge source. Its purpose is to give guests fast, accurate, professional answers and to hand off to the front desk for anything outside its scope.

How it was configured: the FAQ PDF was uploaded and indexed as the knowledge source (the bot answers only from it); the Directive (system prompt) sets a professional, concise hospitality tone and requires every answer to come from the knowledge base; and a custom fallback message handles out-of-knowledge questions by pointing guests to the front desk at (123) 456-7890 or help@triplepeakshotel.com.

2. Setup screenshots

Knowledge source uploaded: Triple Peaks Hotel Knowledge Base PDF indexed, custom fallback configured.

Directive (system prompt) and welcome/greeting message.

Published - public link with access set to 'Anyone with the link can view'.

3. Five tested conversations (answers drawn from the PDF)

Q1: What time is check-in and check-out? | A: Check-in 3:00 PM, check-out 11:00 AM; early/late may be available on request.

The screenshot displays the 'Triple Peaks Hotel Assistant' chatbot configuration interface. The left sidebar contains a 'Build' menu with options: Instructions, Knowledge (New), Logic, Theme, Integrations, AI Model, Settings, Review, Conversations (New), and Analytics (New). The main area is divided into 'Instructions' and 'Preview'.

Instructions:

- Greeting:** Welcome to Triple Peaks Hotel! I'm your virtual assistant. I can help with check-in and check-out times, amenities, parking, Wi-Fi, and booking questions. How can I make your stay easier today?
- Directive:**
 - # Objective:** You are the Triple Peaks Hotel Assistant, a friendly and professional virtual concierge for Triple Peaks Hotel. Your job is to answer guest questions using ONLY the information in the uploaded Triple Peaks Hotel knowledge base.
 - # Style:** Keep answers clear, concise, and warm — 1 to 3 sentences whenever possible. Maintain a professional, welcoming, conversational hospitality tone. You may use light formatting (bold, short bullets) when it improves clarity.
 - # Rules:**
 - For ANY user question, ALWAYS query your knowledge source, even if you think you know the answer. Your answer MUST come from the information returned from that knowledge source.
 - Never invent times, prices, or policies that are not in the knowledge base.
 - If a question is outside the knowledge base, or you are not confident the answer is in it, reply with this fallback instead of guessing: "I'm sorry, I don't have information on that. For

Chatbot responses to user queries:

- User: "What time is check-in and check-out?"
Assistant: "Check-in is at **3:00 PM**, and check-out is at **11:00 AM**. Early check-in and late check-out may be available upon request, subject to availability."
- User: "Do you offer free Wi-Fi?"
Assistant: "Yes—complimentary high-speed Wi-Fi is available in all guest rooms and public areas."
- User: "Is parking available at the hotel?"
Assistant: "Yes. Self-parking is **\$15 per day**, and valet parking is **\$25 per day**. Spaces are limited and available on a first-come, first-served basis."

Q4: How can I modify or cancel my reservation? | A: Via email link, hotel website, or front desk (123) 456-7890; free cancel up to 24h before check-in.

This screenshot shows the same chatbot configuration interface as above, but with the 'Preview' section updated to reflect the new question and answer for Q4.
